Door sign 5,7" E-Series

The new door signs of the E-series are a revolution in digital signage. Through their easy assembly and via battery operation you can profit from your signs for approx. 2 years without changing the battery.

Profit from the integration in the multiple awarded product editIT with its many interfaces and the easy user menu.

Fully wireless,
Low Power radio with
4 Ultralife batteries

Specifications:

- 1/4 VGA 5.7" monochrome display
- 320 x 240 Pixel
- reflective (daylight adequate)
- Supply voltage: 3V
- Power supply: Longlife 4x AA-batteries (high battery lifespan)
- Low-Power radio, SRD 868 MHz
- Dimensions: 24,2cm x 16,2cm x 4cm
- Weight: approx. 660g

Casing:

- Material: Polystyrole (high impact resistant)
- Colour: light grey (similar to RAL 7035)
- Raw density ρ : 1,04 gr/cm³
- Shore-Hardness D (at 20°C): 80
- Flammability class HB (self extinguishing)
- Vicat softening temperature: 81°C

Front window:

- Material: Polymethyl methacrylate
- Surface shiny (front side anti-glare)
- Raw density: 1,19 gr/cm³
- Impact strength acU according to Charpy: 15
- Scratch resistance according to abrasive disc method: 20 ... 30% Haze
- Transmission rate TD65 : ~92
- Absorption in the visible range: < 0,05
- Refractive index nD20: 1,491
- B2 normally inflammable (very low smoke generation)
- Vicat-softening temperature: 103°C

DOOR SIGN E-SERIES

Radio sender E-Series

LAN →

Radio sender

The radio sender of the series supplies the door signs with your individual content. Due to the transmitting via radio, elaborate and cost-intensive cabling is not needed, even with mobile door signs.

Depending on the radio sender up to 30 door signs of the E-series can be operated.

Do not waste any more time with time-intensive updating of signs. Use the benefits of electronic signs on the office door to show your absence times, in hospitals for constantly changing room occupation, or in retreats and seminars for the up-to-date display of events. With this solution you provide your visitors and guests with all necessary information.
